GO INTO ALL THE WORLD

Thanks so much for all your labors of love that you give to the Lord and to us "students". I've thoroughly enjoyed the courses that I've done so far. I'm glad we met at the ISOM conference.

▲ Greetings in the name of Jesus our King!

CTS exists to train and nurture a more consistent first century Jesus modelled culture of worldwide discipleship. Our degrees are based on a core teaching of theology and Biblical studies. As a Seminary, we believe that the proper biblical foundation of God's word is paramount to a better Christian worldview in all areas of instruction whether it be emphasis in Theology, Counseling, Education, Missions, or any other types of Ministries.

— — — OUR CORE COMMITMENTS:

- *Biblical Studies aimed at cultivating a discipleship culture*
- *Affordable Options including Grants, Financial Aid, and Payment Plans*
- *Online, Cohort, and Traditional in person (brick and mortar) learning*
- *An Evangelical (western Orthodox) Christian and Spirit Filled Approach*

We believe CTS bridges the gap between the first century church and the great commission to make disciples and today's ongoing need for "all in" disciples of Christ as an image bearer living out the calling of the priesthood of believers. The New Testament gives us a model that many of the servant leaders of the first church (such as Paul) spent nearly 14 years in training in which they studied the scripture daily in a community wholly dedicated to the fellowship of believers and discipleship. They would rely on the spirit and body of Christ to mentor them through humble shepherds to eventually be sent out and multiply the model that they were trained under giving way to the increasing church of Christ. At CTS we still believe that model is the plan for discipleship and have dedicated our lives to the pursuance of the calling. We hope that you will join us in this great commission of the body and church of Christ to all the world.

The CTS Team looks forward to serving you.

Equipping SHEPHERDS

Have you wanted to complete your education, but “life” got in the way?

You are not alone. Many of our students found themselves in the same situation, but now they are changing that scenario. They have begun the chapter in their lives where they are completing their long-delayed education.

Because Covenant Theological Seminary (CTS) is built with flexibility in mind it is easy to fit it into your schedule.

We even have satellite campuses where you can experience the coursework in the classroom setting in a locale that is closer to home.

Our goal is to equip you to become a successful leader in your church, on your job, or in your community because leaders know how to contribute and add to the lives of others. Whether you are church or ministry leader or your ministry is in the marketplace, you need equipping.

Our programs encompass Biblical Studies, Ministry, Christian Education, Christian Counseling, and our two newest programs – New Media Communications where

students learn how to build their ministry (or business) utilizing the latest in technology and communications, and Intercultural Studies (missions) designed to prepare students for work among the mission fields of the world.

Let us help you fulfill your dreams and help you become the leader you were meant to be. Start today!

For the Kingdom,

**“What you have heard

same to faithful men who
will be able to teach
others also.”**

2 Timothy 2:2

Our seminary is devoted to the purpose

of training committed believers for a lifetime of productive service to the Lord Jesus Christ and His Church. Our courses are Bible-centered and our commitment is to provide spiritual growth for believers, thereby preparing them for the work of the ministry through the power of the Holy Spirit.

We believe the quality of preparation for our students is far beyond that of most seminaries mainly because our materials deal with the personal growth of the believer, rather than just knowledge about the ministry, or just the message. We want you to live the message, rather than just preach it!

As part of this process, the accessibility of the curriculum is of utmost importance. Therefore, CTS makes courses available completely on-line allowing you to take the courses in a self-paced manner; or for the student who is not as computer saavy, our courses are available in person at a satellite campus. Take a look through our catalog. We look forward to serving you.

**American Accrediting Association
Of Theological Institutions**

**Association of Independent
Christian Colleges & Seminaries**

CTS is accredited by the Association of Independent Christian College & Seminaries and the American Accrediting Association of Theological Institutions. CTS is in a continual process of seeking the best accreditation available and continues to adhere to The Council for Higher Education Accreditation (CHEA) standards of education.

Accreditation in the United States

Accreditation in higher education is a collegial process of self-review and peer review for improvement of academic quality and public accountability of institutions and programs. This quality review process occurs on a period basis, usually every three to ten years.

Typically, it involves three major activities:

- A self-study by an institution of program using the standard of criteria of accrediting organization.
- A peer review of an institution or program to gather evidence of quality.
- A decision or judgment by an accrediting organization to accredit, with conditions or not accredit an institution or program.

Covenant Theological Seminary purposes to train students in and for evangelical and orthodox Christian ministry. All degrees of Covenant Theological Seminary are of an ecclesiastical nature, and whether granted or conferred, are in the restricted area of religion with the special purpose of preparing persons to work in the area of religion, whether educational or ministerial.

In 2023, CTS received a major donor matching grant to reduce the \$190 per credit cost by 50% or \$95 per credit hour. The basic cost to attend Covenant Theological Seminary (CTS) is now only \$95 per credit hour, making it one of the least expensive seminaries in the country. We are committed to affordable kingdom discipleship training. The average US Seminary per credit hour is \$450 with many as high as \$750 per credit hour. Most CTS degrees can be completed in as little as 18 months part time with a total cost of less than \$3500.

CTS is committed to affordable kingdom discipleship training. We don't want finances to impede anyone from Kingdom ministry. CTS is committed to partnering with their students, and through kingdom resources, we are committed to ensuring every student can attend regardless of financial ability. Financial aid is granted to every student that applies based on the grant mentioned above. If you are interested in CTS but not sure if you can afford it, please let the CTS know when you register. There are a few other expenses such as books and degree fees, but they are minimal.

History

Founded in 1990

Although CTS has been non-denominational for many years, it was established in 1990 by Dr. Barney W. English through the Freewill Baptist Church. Following Dr. English, Dr. Lyndon Purifoy was appointed as the president who brought CTS into joint partnership with Dr. Harold Vick, founder of Jacksonville Theological Seminary, and Dr. Robert G. Witty, founder of Luther Rice Seminary until 2008 when the torch of leadership was passed to Dr. Max Flynn to carry on and expand the ministry as an independent Seminary again. In October of 2019, Dr. Flynn passed unexpectedly, and The Board of Directors selected Dr. Ray Leach to serve as interim President. In 2023 the Board of Directors announced Dr. Ray Lynch would assume the permanent position of Chancellor for CTS and appointed Dr. Will Ryan as the 4th President of CTS. Dr. Will Ryan was previously the Head of Theology and Biblical Studies for CTS

About CTS

| Students

Students

Scholarly writing is also known as academic writing. It is the genre of writing used in all academic fields. During your studies at CTS, you will be reading, discussing, and producing scholarly writing in everything from discussion posts to dissertations. Scholarly writing communicates original thought, whether through primary research or synthesis, that presents a unique perspective on previous research. In a scholarly work, the author is expected to have insights on the issue at hand, but those insights must be grounded in research, critical reading, (Biblical Theology) and analysis rather or in addition to personal experience or opinion. Scholarly writing includes careful citation of sources and the presence of a bibliography or reference list. The writing is informed by and shows engagement with the larger body of literature on the topic at hand, and all assertions are supported by relevant sources. CTS follows the general guidelines of the APA manual.

Each CTS student must have access to a scholarly academic Christian library. It may be online or in person. Many of the brick-and-mortar Christian universities will agree to give remote seminary students access to their libraries for a small yearly fee. Students may choose to find a local library or a subscription to an online source but must agree to gain library access during their time at CTS.

Theology & Biblical Studies

CTS serves as a catalyst for spiritual transformation through Biblical Studies & Theology.

Recognizing the critical role that Biblical studies play with respect to how effectively the Church fulfills its God-given mission, CTS gives special emphasis to training pastors, counselors, educators, and related ministry leaders (whether vocational, bi-vocational or avocational) with all of its programs foundationally structured with a core of Theology and Biblical Studies.

Admission Information

Applicants for admission to Covenant Theological Seminary (CTS) are considered without regard to sex, age, color, or national origin. Each prospective student will be assessed according to his or her academic background.

In order to enter into a degree program with CTS, a student must possess a high school diploma or its equivalent. Students without such a diploma may enroll on a probationary basis.

An application must be made on the official form furnished by the admissions office. A copy is available in this catalog. Once the admissions office receives an application, along with the appropriate fees and official transcripts of all earned credit, the applicant will be evaluated to determine his or her academic needs by the Academic Dean of CTS. The Admissions Office will then notify the student by mail, regarding acceptance and credits needed for a degree. Once applicants have received official notice that they have been accepted as students, and their evaluation is complete; they may begin ordering courses. Courses may be taken at CTS or any Facilitator location.

Once all the requirements for an individual course have been completed, they are then to be mailed to CTS. A copy of the course grade will be returned to the student after the grade has been posted to the student's permanent records and transcript. NOTE: A student should not begin studies in a new course unless all the requirements for the previous course have been completed and submitted.

DISMISSAL AND RE-ADMISSION POLICIES

CTS reserves the right at any time to place on probation, suspend, or dismiss a student whose academic standing, financial obligations, progress, or conduct is not deemed as satisfactory by the administration. If a student has been "inactive" for a period of one year or longer, he or she will no longer fall under the "grandfather" clause for subsequent degree plans. All curriculum and financial degree plans will be established as per the current guidelines for the current year; however, the application fee will be waived. Re-admission is not to be expected after a dismissal. However, a student is free to re-apply through the office of admissions for student status at any time. His or her re-admission will be subject to the written approval of the president.

REPEATING A COURSE

Students may request and obtain permission to retake an exam if the grade was below a "C". If students receive a failing grade for the course, they must retake it to receive credit for graduation. Only the higher grade will be recorded on students' records. Corrected tests do not include the answers; they do, however, indicate each question missed. A second attempt should be much easier. The cost to repeat an exam is \$25.00.

AUDITING A COURSE

All students must be registered to take ANY CTS course(s) for the registration fee of \$50 per degree, including Audit Student. The Audit student will then pay a \$50 course Audit fee for each course taken, with the only requirement of attending classes. For each Audit course there will be issued a certificate of completion for taking the course also awarding them one credit hour, which will also be added to their official transcript.

Doctrinal Statement

CTS is in agreement with the statement of faith as adopted by the National Association of Evangelicals:

- We believe the Bible to be the inspired, infallible, authoritative Word of God
- We believe that there is one God, we believe that there is one God, eternally existing in three entities, Father, Son and Holy Spirit.
- We believe in the deity of our Lord Jesus Christ, in His virgin birth, in His sinless life, in His miracles, in His vicarious atonement through His shed blood, in His bodily resurrection, in His ascension to the right hand of the Father, and in His personal and visible return in power and glory.
- We believe that man was created in the image of God, and that he was tempted by the (hebrew) nachash and fell, and that, because of sin, regeneration by the Holy Spirit is necessary for salvation.
- We believe in the present ministry of the Holy Spirit by Whose indwelling the Christian is enabled to live a godly life, and by Whom the Church is empowered to carry out Christ's great commission.
- We believe in the bodily resurrection of both the saved and the lost; those who are saved unto the resurrection of life in a new heaven and earth and those who are lost unto the resurrection of damnation.
- We believe in the spiritual unity of believers in our King Jesus

While CTS welcomes students from a broad spectrum of theological backgrounds, it maintains a commitment to the historic, orthodox Christian faith. CTS is non-denominational Christian Seminary that is not associated with the Covenant Church or the Presbyterian Covenant Seminary.

FINANCIAL GIFTS

As an interdenominational institution, we do not enjoy a general church relationship in regards to annual funding. We must therefore rely on tuition, fees, and gifts to cover all of our operating costs. The revenue generated by our low tuition does not cover all our operational expenses.

We ask, please, to remember us in missions giving. Currently CTS supports and provides scholarships to students in over ten third world countries who have no means of earning an income to pay for seminary studies. CTS also supports and offers scholarships to students who are incarcerated, but desire to study the Word of God and are eager to share the Gospel message while incarcerated, and awaiting release. By your gift today, you will assist CTS in ministering to the needs of these individuals.

Pastors, an annual CTS offering would be very appropriate and most appreciated. Individuals may wish to commemorate a dear loved one with a scholarship fund in the name of that particular saint. Also, it may be possible to remember CTS in the last will and testament. What more exciting prospect could there be, than to know that when one is home with the Lord, his influence will continue as men and women prepare for ministry through his or her thoughtfulness! Help us today with your generous financial gift. No matter how small or big your gift is, you will make a difference. To make such an arrangement, please call or write to Dr. Will Ryan CTS President.

Course Credit Information

There are four ways to earn credits at CTS:

1. **Transfer Credit:**

CTS will evaluate and accept in transfer all completed courses passed at any approved institution (including military training) with at least a final grade of C or 70%. These courses will be evaluated and recorded on the official transcript. Only courses that can be applied to CTS degree programs will be accepted as transfer credits. All transfer credits must be received by CTS from the institution where the credit was earned. Transcripts must indicate "Official Transcript" and signed by the registrar of that institution.

2. **Prior Learning Credit:**

CTS awards credits for prior learning, seminars, study course classes, and workshops attended through as long as they correspond to the course of study the student is involved in for his or her degree. For every fifteen (15) hours of actual attendance at seminars, study course classes, or workshops CTS will award one credit-hour. The church or facility giving the seminar, study course class, or workshop must document all credits given. A maximum of 30 hours can be granted through Prior Learning Credits.

3. **Ministry Portfolio Credit:**

CTS also integrates ministry experience into a student's current educational program. Three (3) credits may be given for each year of active involvement in ministry with a maximum of 30 credit hours applicable towards an associate and/or bachelor degree. No credits are applicable toward a master or doctoral degree and only postgraduate work will be counted toward postgraduate degrees.

4. **Course Completion:**

CTS offers in-house classes on campus and at other locations as well as provides distant learning courses for students to take in the privacy of their own home and to complete at their own pace. Contact our office to get a schedule of classes being offered on campus.

Rigorous theological training with an interdisciplinary focus

CTS advanced research degrees program provides students with academically rigorous training informed by an understanding of theology as critical reflection on Christian practice and belief in the light of Scripture.

Entering students work within theological disciplines such as Bible, church history, theology, ethics, homiletics, and Christian formation. We designed the research Degree programs to deepen the ways in which we cultivate scholars, teachers, and pastors who embody the integrative theological task—ranging across the boundaries between the traditional academic disciplines of biblical, historical, and ministerial studies—to encourage and support theological reflection on matters of faith and practice in Christian communities.

I am feeling very blessed to have met Covenant Theological Seminary. I got a big surprise to find I had enough credits and life experience to almost get an associates degree when I first enrolled. I was overwhelmed to be able to graduate with my Associates from Covenant Theological Seminary and my Bachelor's degree in Ministry. At that point I decided to take time out from school, but I missed the ministry times and the excitement of learning hands on ministry so much, I enrolled again last year. Soon I'll graduate with my Master's degree in Ministry. I'm looking forward to being a Facilitator for the school. It's truly one of a kind when you compare schools.

IS 0533 Mission Addiction Textbook

God is calling you to become part of a contagious epidemic of missions-hearted believers who will bring global fame to His Name. (Additional book: A Force in the Earth by Dr. David Shibley) (Also MN 5443)

IS 0713 Intercultural Studies Ministry Practicum

Because the best way to learn about missions is by getting out and doing it, we require students to participate in a domestic or international cross-cultural missions trip with Global Frontier Missions (www.globalfrontiermissions.org/shorttermmissions) Students will spend at least forty-five (45) hours of cross-cultural ministry among Hindus, Muslims, and Buddhists. There will also be practical teaching, training, coaching, and debriefing as students get hands-on experience reaching out to people from all over the world. This is required for anyone desiring to obtain their associate's, bachelor's, or master's of ministry in intercultural studies.

IS 0723 The Missionary Task

During this course, we will be learning about the call to missions as well as the importance of bonding to the culture in which you are trying to minister and following the incarnational model of Jesus (becoming one of us in order to reach us). We will also talk about how crucial it is to learn the heart language of the people and some of the differences between warm and cold climate cultures. We must understand the Great Commission and the task of remaining.

IS 0733 Contextualization and the Indigenous Church

This course focuses on what it means to plant indigenous churches. We will talk about the importance of churches being self-teaching, self-propagating, self-supporting as well as issues of dependency and reproducibility. The missionary's job is to work ourselves out of a job and see the local people equipped so that they can make disciples of their own people. We will also talk about issues of contextualization and how the gospel fits into different cultures.

IS 0743 Church Planting Movements

This course teaches the universal elements of church planting movements. There are principles being used overseas that we can learn from where there is spontaneous, rapid multiplication of disciples making disciples and churches planting churches. We will study movements throughout the earth and talk about expansion of the kingdom.

IS 0753 Money and Missions

This course focuses on stewardship of finances. We will compare what this world teaches concerning money versus what Jesus taught his disciples about the kingdom view of riches. We will also be talking about the Biblical basis of raising support for missionary efforts and tips on how to go about vision casting and "friend raising". We will also cover topics such as budgeting, staying in touch with supporters, giving, etc.

IS 0763 Cults and World Religions

We will talk about the power of storytelling and how chronological storying has been an effective tool in many missions contexts. Storytelling is a tool that is being used all over the world in evangelism, discipleship, and church planting.

IS 0783 Revival and Community Transformation

This course takes us on a journey of discovering the universal principles of revival and community transformation. As we study moves of God throughout history and throughout the world, there are certain themes and principles that are evident in all of them. There are no formulas to seeing God move in this special way, but we can learn a lot from studying how God has moved in the past and how he wants to move again. We will also look at real testimonies of God transforming whole societies across the globe in our generation.

IS 0793 Community Development

This course talks about meeting physical needs in the world. We want people to get saved and come into the kingdom, but the Bible also says that taking care of orphans and widows is true religion. So, we need to have a holistic approach to ministry and try to meet physical needs in a way that doesn't promote dependency. If we give a man a fish, he eats for a day but if we teach a man to fish he eats for a lifetime.
